# WET SUMP PANS

All Aviaid FE oil pans are manufactured from steel and are cadmium plated to match the OEM Cobra/GT style. They incorporate internal baffling and a windage screen as required for optimum oil control

#55410 Ford FE Wet Sump Pan (original 427 Cobra) 8410

#55412 Ford FE Wet Sump Pan (front sump Mustang)

# DRY SUMP PANS

#56412 Ford FE Dry Sump Pan (GT-40)

#56410 Ford FE Dry Sump Pan (Cobra)

#52412 Ford FE 3-pickup Dry Sump Pan (right side outlet)

# COMPETITION DRY SUMP PUMP

These 4-stage Aviaid Series 1 & 2 pumps have one pressure and three scavenge sections, and are designed to fit between the pump drive and motor mounts. The pumps feature special mounts for the FE block, and are driven from the back side of the damper through use of a special custom damper sleeve for the HTD drive.
