SERIES I COMP SINGLE, TWO & THREE STAGE BELT DRIVEN EXTERNAL WET SUMP TRACTOR PUMPS - MOTORPLATE MOUNT

PART NO	NET US\$	DESCRIPTION
007 72300	1201.11	2 Stage, 3 Section External Wet Sump Pump with 2 crossported 1.75" engine pressure sections & 1.00" turbo pressure section. Features double seal stage separation, intermediate shaft bearing and 2 integral regulators. Adjustable 4 bolt motor plate mount standard. Other mountings available
007 72310	1201.11	2 Stage, 3 Section External Wet Sump Pump with 2 crossported 1.75" engine pressure sections & 1.25" turbo pressure section. Features double seal stage separation, intermediate shaft bearing and 2 integral regulators. Adjustable 4 bolt motor plate mount standard. Other mountings available
007 72400	1201.11	2 Stage, 3 Section External Wet Sump Pump with 2 crossported 2.00" engine pressure sections & 1.00" turbo pressure section. Features double seal stage separation, intermediate shaft bearing and 2 integral regulators. Adjustable 4 bolt motor plate mount standard. Other mountings available
007 72410	1201.11	2 Stage, 3 Section External Wet Sump Pump with 2 crossported 2.00" engine pressure sections & 1.25" turbo pressure section. Features double seal stage separation, intermediate shaft bearing and 2 integral regulators. Adjustable 4 bolt motor plate mount standard. Other mountings available
007 73300	1518.75	3 Stage, 4 Section External Wet Sump Pump with 2 Crossported 1.75" engine pressure sections, 1.00" diesel fuel section with bronze idler, & 1.00" turbo pressure section. Features double seal stage separation, intermediate shaft bearing and 3 regulators, 2 integral and 1 remote. Adjustable 4 bolt motor plate mount standard. Other mountings available.
007 73311	1518.75	3 Stage, 4 Section External Wet Sump Pump with 2 Crossported 1.75" engine pressure sections, 1.25" diesel fuel section with bronze idler, & 1.25" turbo pressure section. Features double seal stage separation, intermediate shaft bearing and 3 regulators, 2 integral and 1 remote. Adjustable 4 bolt motor plate mount standard. Other mountings available.
007 73400	1518.75	3 Stage, 4 Section External Wet Sump Pump with 2 Crossported 2.00" engine pressure sections, 1.00" diesel fuel section with Teflon coated idler, & 1.00" turbo pressure section. Features double seal stage separation, internal shaft bearing and 2 integral regulators. Requires 1 additional remote regulator for fuel pressure. Adjustable 4 bolt motor plate mount standard. Others available.
007 73411	1518.75	3 Stage, 4 Section External Wet Sump Pump with 2 Crossported 2.00" engine pressure sections, 1.25" diesel fuel section with bronze idler, & 1.25" turbo pressure section. Features double seal stage separation, internal shaft bearing and 2 integral regulators. Requires 1 remote regulator for fuel pressure. Adjustable 4 bolt motor plate mount standard. Others available.
SERIES 2 PROLINE OIL PUMPS		FEATURES: ADDITIONAL SHAFT BEARING, DOWEL ALIGNMENT, ANGLED PORTS, COATED GEARS
